BIGELOW AND VICINITY.

The Most Important Local Events Which Have Transpired The Past Week.

(By George A. Conaway.)

—Mr. and Mrs. R. W. Graham were St. Joseph visitors, one day the first of the week.

—Mrs. Ray Catron is here this week from St. Joseph, visiting with relatives and friends.

—It is reported on good authority that L. W. Nottley has purchased a residence in Mound City and will probably move there this fall and rent his farm. J. D. Morris, another one of our progressive farmers, has purchased the Claude Williams property in Mound City, and expects to make that place his home, and will rent his farm or hire some one to run it for him. These two families have lived on the farm for a good many years and worked hard, and they have many friends who are glad to see them take life a little more easy, that their days may be lengthened and that we may have them with us longer.

—Tom Huston, the old reliable manager for the Farmers' Telephone Co., in Fortescue, was here last Monday, looking after the telephone here in town. Tom makes a specialty of keeping his telephones up in good shape and giving the very best of service. Come back again, Tom; the latch string is always hanging out for you.

—D. W. Jessup was a St. Joseph passenger, last Monday morning.

—J. E. Umphress was here, one day the first of the week, from Villisca, Iowa, and purchased a twenty-ton ear load of prairie hay from Hay King John Coughlin.

—Mr. and Mrs. Fred Gresham and Mr. and Mrs. Nola Gresham were visiting with Mr. and Mrs. J. F. Bridgman, last Sunday.

—R. C. Hatzwell, hay king No. 2, is here this week, from Red Oak, Ia., looking after his hay business.

—Mrs. Walter Bradbury and two sons, of the Fortescue neighborhood,

took the train here last Sunday afternoon for Rock Port, where she will visit several days with her mother, Mrs. W. M. Benight.

—Ed Preston was down from Quitman, last Sunday, visiting with home folks and renewing old acquaintances.

—Mrs. R. J. Dudley and son, Aaron, are here this week from St. Joseph, visiting with Mrs. Dudley's parents, Mr. and Mrs. J. M. Smith.

—Mr. and Mrs. T. J. Henderson and daughter, Miss Dorothy, Mrs. J. T. Dodson and daughters, Misses Jean and Mildred, and G. A. Conaway visited with Mr. and Mrs. S. W. Shelton in New Point, last Sunday. New Point is one of Holt county's most progressive towns, for its size, with a population of possibly fifty people that have a consolidated district, are building a new \$20,000 school house, have three general stores. The Sunday school reports for last Sunday showed at the Christian church an attendance of 25, and at the Presbyterian 78, with collections at each of about \$5. For a small town this is certainly a record to be proud of. Two ministers live in their town, and church services are conducted at one of the churches every Sunday, morning and evening.

Supt. Skelton, who had charge of our schools for the past three years, will take charge of the schools there for the coming term at a nice increase in salary, which means, with his experience in consolidated school work, that their schools over there will start out right. The brick work on the new school building, which is modern and will be lighted by electricity, is almost completed, and they expect it to be ready for use about the first of the year, and their schools will be started in their old school buildings, of which there are three, and used until the new one is completed. A residence for use of the superintendent of schools is being built just south of the school building. While New Point has no railroad facilities, they have five motor trucks in their town with which all of their hauling is done, and the round trip to St. Joseph with a load both ways is always made in half a day. Some town and some people.

—Fred Waggoner came home last Sunday morning from Camp Dodge and visited with home folks until Sunday noon. The many friends of Fred will be glad to know that he has been promoted to the office of corporal, having been promoted week before last while Mr. and Mrs. Waggoner were in Camp Dodge visiting with Fred for a few days. Of course, Mrs. Waggoner had a nice fried chicken dinner for Fred last Sunday, and no doubt but what Fred was mighty glad of the chance to get his feet under mother's table once more. Fred says they are all packed up at Camp Dodge and will probably leave for some other camp within a short time.

—Robert Asher left the first of the week for a trip of several days in Cheyenne, Wyo., and Denver, Colo.

—Rev. Dorcas held services at the Methodist church last Sunday morning; on account of the rain Sunday evening there were no services.

—Mr. and Mrs. Lee Burgener and daughter, Miss Lilly, of St. Joseph, were visiting with Mrs. Burgener's mother, Mrs. E. A. Crow, and family, several days last week. Monday, Mr. and Mrs. Burgener and Miss Lilly left for Maitland, where they expected to visit several days with Mrs. Burgener's sister, Mrs. R. Allison.

—Friday of last week was W. B. Asher's birthday, 72 years old, and Bill is pretty spry for that age, too, and of course his capacity for the cats are as good as they were in his younger days. Bill didn't think much about his birthday until several folks began to arrive along toward dinner time with well-filled baskets of good things to eat, then he began to sit up and take notice. There was the usual big dinner, after which there was an auto trip and everybody enjoyed the event very much. Those who were there were Mr. and Mrs. O. W. Adams and son, Paul; Mr. and Mrs. Dell Brown, Geo. Sultz, Mr. and Mrs. Earl Book, Nathan Adams and family, Mr. and Mrs. Sam Adams and Mrs. Bet Gallop and Mrs. Geo. Sweetwood, sisters of Mr. Asher, of Craig. Bill says come back again folks, he can enjoy a birthday party every day in the year, except Sunday.

—A light rain visited this section of the country last Sunday evening that cooled the hot air that had prevailed all day and did some good to the growing crops. What we need is a good soaking rain, and it is noticed that the hills are needing rain a great deal worse than the bottom.

—Josh Joyce was visiting with his brother, George Joyce, and family, in St. Joseph, several days this week.

—The attendance at the Methodist Sunday school last Sunday was 24, and the collection 50 cents.

—Arrangements are being made for another meeting of bookkeepers, to be held here August 26, at 2 o'clock in the afternoon. Mr. T. J. Talbot, Extension Entomologist, of the University of Missouri, will send Mr. E. W. Atkins, specialist in bee culture, of the Department of Agriculture, here to show the bookkeepers of this vicinity how to pack their bees for winter, and he will give any other information about bees that may be desired. Every bookkeeper in Holt county should meet with Mr. Atkins on that date. Don't forget the date.

Overseas.

Mrs. Jennie E. Boyd, of this city, has received cards announcing the "safe arrival over seas" of her two sons, who enlisted in the service this spring. Will L. is a member of Company A, 49th Engineers, and Thomas S. a member of Company B, 61st Engineers. They sailed on the 8th of July, W. L. going from Fort Meyer, Va., and T. S. from Fort Benjamin Harrison, Indiana. Their stay at camp was only a week, showing how rapidly the government is sending our boys over there.

JUDGE SELDEN P. SPENCER
REPUBLICAN CANDIDATE FOR
UNITED STATES SENATOR

JUDGE SPENCER A
NATIONAL CHARACTER

FROM NEWSBOY TO FAME.

War Work of Republican Senatorial Candidate.

Judge Selden P. Spencer of St. Louis, Republican Candidate for the United States Senate, is not only known in every part of Missouri but his long and active service in public affairs has made him one of Missouri's best known men throughout the nation.

Judge Spencer was born in Erie, Pa., September 16th, 1842. While yet a young boy, business reverses suffered by his family prompted him to assist in the earning of his own living and for years he carried morning papers in order to help support himself. He attended public schools from the lowest grade on through the high school.

His carrying of papers so impressed a philanthropic gentleman in the town in which he lived that in his will a provision was made for the education of the young paper carrier. He graduated from Yale in 1864, receiving many college honors; he was selected as one of the editors of the college daily paper; was awarded the philosophical oration at graduation standing seventh in his class of one hundred and fifty.

In 1864 he came to St. Louis and has lived in St. Louis ever since. He was admitted to the bar in 1865. In 1866 he graduated from Washington University with the degree of Bachelor of Laws. In 1866 he was married to Miss Susan Brooks, the daughter of Rev. Jas. H. Brooks, D.D., a prominent Presbyterian minister of St. Louis. Three sons are now living, two of them being in the service of the United States, one in France, the other in the Signal Corps. The third son is a foreign missionary in China.

In 1895, Judge Spencer was in the State Legislature. In 1896, he was elected Judge of the Circuit Court, City of St. Louis, and served six years, declining reappointment.

He has been president of the Missouri Bar Association. He has been vice-president of the American Bar Association and a member of its executive committee. He was president of the International Convention of the Young Men's Christian Association. He is, and for many years has been a member of the International Committee of the Young Men's Christian Association and has been for twenty years a member of the Missouri State Committee of the Y. M. C. A.

He was awarded the degree of Honorary M. D. by the Missouri Medical College and has been awarded the degree of Ph. D. and LL. D. by Westminster College at Fulton.

He has been for twenty years a lecturer at the law school of the Missouri State University.

He was vice-chairman and acting chairman of the Board of Freeholders, who drafted the new charter for the City of St. Louis.

When war was declared, he was chosen chairman of the district draft board for the eastern district of Missouri, and has practically given his entire time to that work, generously sacrificing his personal and professional interests. It was because of his remarkable record in this and other extensive war work that there arose a demand from the Republicans all over Missouri that Judge Spencer should be their standard bearer at this critical time of national affairs.

In the formation of the Home Guard of Missouri, the Missouri Council of Defense selected him as one of five committeemen to have charge of the "Home Guard of the entire City of St. Louis." He, himself, enlisted as a private and has risen by merit to the rank of captain, and adjutant of the First Regiment of Missouri.

He has been active in every civic, patriotic and philanthropic movement and enjoys the admiration and respect of his city and state.

As a member of the United States Senate, Judge Spencer can be relied upon to render exceptional service to State and Nation.

Dies in France.

The ranks of Company L, of Holt county, have been broken by the death from typhoid fever of Roy, son of Mr. and Mrs. Charles Hardin, of Craig. A cablegram reached the parents, Tuesday morning, the telegram being dated somewhere in France, July 29, 1918, and contained only the simple announcement of his death and cause of death.

Thus the sorrow comes to these parents that they are called upon to give up their dear boy, who has buried in foreign soil, and died to make the world safe for Democracy. It is not a loss when a man dies for his country. It is an honor to a family, and so dry these tears, Roy would rather have his family rich in pleasant memories of his brave, sacrificing life than numbered in sorrow at his death.

The sympathy of all our people will go out to his parents and kindred in their loss. A brave soldier has answered his last roll call. We hope for further particulars for our next issue.

Strengthen Bridges for Motor Trucks.

The increasing use of motor trucks and tractors on the public roads makes it necessary for road overseers and county highway engineers to look carefully after bridges and culverts. The State Highway Department requires that bridges and culverts must carry a 15-ton load. Driving over a weak bridge or culvert with a threshing outfit or a heavily loaded truck is a danger that should be avoided.
